

Very sadly Rubys very special pony Guinness had to be put to sleep after becoming very poorly. A short stay at Leahurst revealed he had a tumour pressing on his spinal cord. His deterioration was very rapid and we made the awful decision to put him to sleep.

Guinness belonged to the Cook family, he was a legend in the Cradle Stakes world winning everything possible for many children and liked nothing better than to follow hounds. For us he did an amazing job of teaching Ruby to ride, he was a star every day.

Thankyou Angela and all the staff at Leahurst for all your hard work and care.

RIP Guinness x
